Number of Designated communities as Certifier 0 as co-Certifier 3

Other relevant information:

I have been involved in a number of desktop reviews and a large number of site visits from an observer's perspective or community safety practitioner and participant. I have worked closely with local governments throughout their application for ISC accreditation and provided ongoing support to these local governments. I have presented on the ISC criteria and process to local, national and international Safety Centre guests and Local Governments that have been interested in exploring the ISC for Council staff.

In my role at The Royal Children's Hospital Safety Centre Australia's first internationally designated Affiliate Safe Community Support Centre of the World Health Organisation (WHO) Collaborating Centre on Community Safety Promotion) I have attended several designations of communities' ceremonies as an ISC in Australia and several countries overseas.

I have supported the initiation, development and writing of reports. I have read many ISC reports and reviewed three in total.

Total number of designation ceremonies actively participated in: many.
