Name: Jonghee Nam, Changsu Lee, Jiyoung Yoon

Institution: Jeonju City Hall / Urban Safety & Security Affairs(Division)

Address: 10, Nosonggwangjang-ro, Wansan-gu, Jeonju-si, Jeollabuk-do

Zip code: 54994

Municipality/ City: Jeonju City

Country: South Korea

Phone (country code included): +82-63-281-5163

Fax: +82-63-281-2629

E-mail: [zyyoon33@korea.kr](mailto:zyyoon33@korea.kr)

Info address on www for the institution : <http://www.jeonju.go.kr>

The programme covers the following safety promotion activities:

*Photo: Typical safety feature*

## 1. Jeonju-si Wound and Injury Surveillance System (WISS)

- All injury data in WISS is updated every year and the results uploaded on the injury surveillance system website would be utilized by safety related workers.

## 2. Connection to Website of Jeonju-si

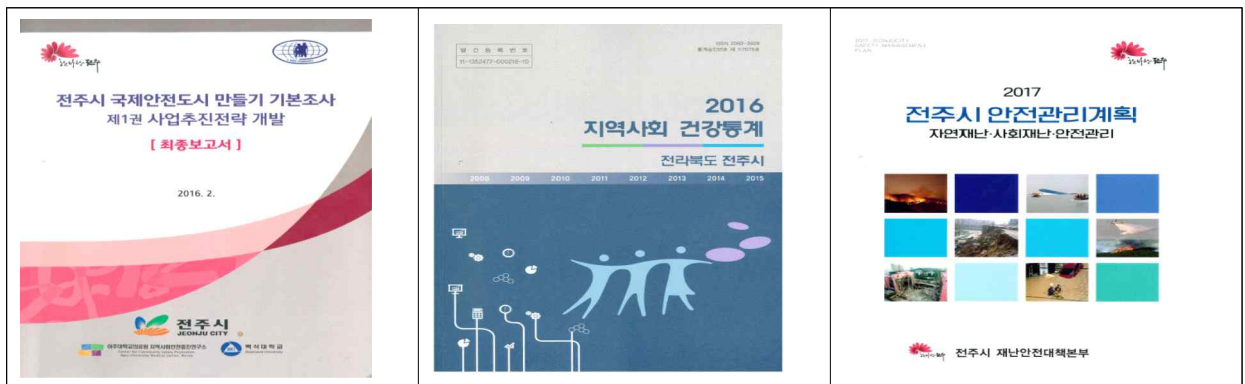

- A banner connecting to the WISS website would be installed on the website of Jeonju-si and operate a site easy to use for people, city hall employees, and other relevant institution personnel visiting the website.

## 3. Vitalization of Training and System for Data Collection, and Managers

- To improve the reliability and validity of the indicators calculated through the injury surveillance system, it must be inspected whether the data is being collected well and lacking areas have been supplemented constantly. An inspection on data processing system is performed according to data provision period and trainings and workshops are conducted to reinforce work competencies of responsible personnel.

## 4. Evaluation of Safety Improvement Projects

- Utilize the injury status results of WISS to evaluate the effect of safety improvement projects being carried out in Jeonju-si.

## Traffic

- Operation of Traffic Safety Training for Vulnerable Users
- Improved operation of special transportation methods for vulnerable users
- Traffic Lane Painting and Removal
- New Installation and Improvement of Traffic Lights Project
